CIRCULATION.

Suited Weekly Statement of the Circulation of the Los Angeles Times.

Table with 2 columns: Date, Circulation. Rows for August 11th through 17th, showing daily circulation figures and weekly averages.

NOTE.—The large circulation of the Mid-Morning Number has swelled the above figures above the average.

NOTE.—The Times is a seven-day paper. The above aggregate, viz., 127,845 copies, issued by us during the seven days of the past week, would, if continued, result in a six-day average circulation of 21,314 copies.

THE TIMES is the only Los Angeles paper which has regularly published sworn statements of its circulation, both gross and net, weekly, monthly and yearly, during the past several years. Advertisers have the right to know the NET CIRCULATION of the medium which seeks their advertising.

The Times

ALL ALONG THE LINE.

A Santa Ana man hauled in a monster Jewish at Catalina the other day that tipped the beam at 430 pounds. What luck these fellows from Orange county seem to have, anyway!

Santa Monica's next attraction, following the tennis tournament which will probably conclude today, will be the Santa Monica races, originally intended for September 8, but which, owing to the numerous entries, have been extended to the 10th.

The 16-year-old boy is rather small same to figure as a subject for arrest on the charge of vagrancy and the justice who would put such a young child in prison with hardened criminals has a screw loose somewhere in his moral make-up.

A resident of Redlands received two crops of tobacco from one planting, and is convinced that tobacco can be successfully raised in that town. The only difficulty he experienced was in curing the weed, and if this had been properly done it would have been a profitable crop.

Santa Monica's Board of Trustees agreed in committee of the whole Monday evening to recommend a tax rate of 70 cents upon each \$100 of the assessed valuation of the place. This will raise a revenue of nearly \$13,000, which, with the licenses, will permit some valuable and needed public improvements.

Grape picking in the famous El Cajon Valley of San Diego county will begin September 10. There is an excellent crop to be harvested, but the prospective prices for raisins are not very encouraging. Some of the ranchers turn their grapes into brandy and tens of thousands of gallons of the intoxicating fluid is manufactured every season.

A needed check was put yesterday upon the idea that any Chinaman may be bullied with impunity simply because he has no business to be a Chinaman. The Mongolian inhabitants of the country are far from being subjects for household pets, but they are human beings, and entitled to the protection of the law as long as they abide by it.

The officials who have been intrusted with the task of choosing the sites for new school buildings will no doubt have a huge sack of relief when the last plot of ground has been selected and there remain no more pertinacious and rapacious real estate dealers to satisfy and appease. Happy is the statesman, yea blessed to an unusual degree is the official who can come through such a process and still retain a moiety of his constituents' friendship.

The big water suit down in Orange county affecting the water rights of Santiago Creek, over which there is being so much contention, has been in court now for three weeks and the plaintiffs just finished the taking of evidence for their side yesterday. Immediately after the conclusion of this evidence the defendants moved for a non-suit but the motion was denied and the lawyers and judges have settled down for another siege in the taking of expert and ordinary testimony.

One of the eight of the young women's rowing clubs of San Diego is in camp in regular form near the quarantine station on San Diego bay. They have the special permission of the United States Government to camp on Uncle Sam's reservation. Their tents are pitched in regular naval battalion fashion. A sentinel is on duty day and night and thorough discipline prevails. The large rowing barges are towed about the bay daily. The young seamstresses prefer cars to wheels and sailor dress to the awful bloomers.

CATALINA'S AMUSEMENT OFFERING.
Grand chorus of sixty voices at the pavilion in the afternoon, dancing in the evening. Another Venetian fete illumination on a grander scale than ever. All next Saturday, when excursion rates will be in effect. Every Saturday, three trains: Sunday, two; other days, one. See Southern Pacific time-table in this paper.

'Ouss For Sal
No. 125 West Thirty-third street, lot 1870, house of five rooms, hard finished, nice location. This will make a good home with a little stinging up and elbow grease. Price \$1500 cash and \$15 a month. Five-room cottage near Arcade Depot, same price and terms. Four-room cottage in Elco. \$600-\$80 cash and \$10 a month. Langworthy Co., No. 228 South Spring.

AT REDONDO BEACH SUNDAY.
The City Guard Band of San Diego will give two grand concerts at 11 a.m. and 2 p.m. Don't fail to hear them. Santa Fe trains leave 8, 9, 10, 11 a.m., 1:30, 5:35 p.m. Returning, leave Redondo 11 a.m., 4, 5:25, 7 p.m. Round trip, 50 cents.

The Santa Fe will run a special train Saturday evening to Santa Monica and Redondo, leaving at 7 o'clock, returning from both places at 10 o'clock. Round trip, 50 cents.

BICYCLE race is on. Wall-paper must go. Thirty-three and 20 per cent. No. 228 South Spring street. See our Tribune wheel, beat on earth. Judge for yourself.

SOUTH FIELD WELLINGTON lamp coal, \$10 per ton, delivered to any part of the city. Banning Company, No. 228 South Spring street.

AVALON (Catalina Island), Aug. 28.—(Special to The Times by Homing-pigeon Sweet Marie of the Catalina Carriers—pigeon Service; time 1h. 34m.) It is quite the fad now to go up to the military camp to witness dress parade every night at 5 o'clock. Co. B of Pasadena, under command of Capt. N. S. Bingham, sixteen members of the Los Angeles Signal Corps under Lieut. Lawrence, seventeen members of the Seventh Regiment Band under Chief Musician Bradbury, nine members of the three Los Angeles military companies in charge of Lieut. Musselman, together with Hospital Steward Wales and Commissary Sergeant Wankowski of the non-commissioned staff of the Seventh Regiment, constitute the camp which in all numbers eighty men. The forty tents are spread on the height just back of Frank White's house and command a magnificent view of the hills and a glimpse of the sea. The Signal Corps practice daily, signalling from the various peaks round about the camp. The boys are not living on hard-tack and beans, judging from a glimpse of the commissary department, which is divided into two sections, one presided over by two colored adepts who concoct pies and pastry, and the other in charge of a big cook who looks out for the more substantial part of the menu. As the State this year made no appropriation for an outing, the boys themselves "chipped in" and bear the expense unitedly. This is their first season at Catalina, but judging from the expressions of satisfaction, it will not by any means be their last. Visitors are admitted to the camp between the hours of 10 a.m. and 7 p.m. Guard mount occurs each morning at 10:30 o'clock. Later in the week there will be a camp fire some evening, but just now the gaudy young officers and privates are too much absorbed in the hope at the pavilion to admit of any other form of evening entertainment. They put in their days, when off camp duty, in rowing, fishing and strolling about the island. The army of pretty girls at Avalon. They will remain in camp till Monday.

COMING AND GOING.

H. S. Williams came over last night to spend a few days and escort his mother and sister home, who have been passing a couple of weeks at the Glenmore.

J. Jensen, Jr., left for his home in Los Angeles this morning, after a pleasant four weeks vacation on the island.

Mr. and Mrs. C. D. Howry returned home this morning, having spent several days at the Metropole.

Mrs. T. B. Brown, family and nurse joined the Pattons and Wilsons at the Metropole last night for an extended stay.

Mrs. and Miss Pinkham of Quincy, Ill., who have been here more or less all summer, went over to Los Angeles this morning. After spending a week with J. F. Cosby and family they will proceed east, via San Francisco and the north.

A. F. Johnson and family of Riverside left this morning.

F. B. Mallory and daughter of Hotel Ramona arrived at the Metropole last night.

Judge Maude, Attorney Mayon, County Clerk F. W. Craig and District Attorney W. G. Smith of Bakersfield, arrived at the Metropole last night.

Mr. and Mrs. E. H. Crippen, Mrs. E. E. Kennedy, H. Preston of Los Angeles arrived at the Grand View last night.

F. B. Henderson of the Santa Fe returned to the city this morning feeling much recuperated by his week's stay at the Metropole.

Arizonans continue to arrive in large numbers. Last night's register at the Metropole showed the following: Mr. and Mrs. J. G. Hopkins, Mr. James Colquhoun and two children from Clifton, George L. Bugbee from Bowie, and Ira P. Smith and F. Hartwill from Phoenix.

At the Grand View the following Arizonans registered: Mr. and Mrs. E. E. Ford, Mrs. F. D. Martin, Phoenix; Mrs. C. L. Logan, wife and child of Los Angeles; F. L. Palmer and two sons of Pomona are recent arrivals at the Grand View.

W. G. Prulet and Fred Craig of Bakersfield, F. P. Banhol of Los Angeles, F. A. Carter and wife, Mrs. Johnson of Boston were among last night's arrivals.

E. F. Hurlbut, wife and daughter of Pasadena, who have been spending time at the Metropole, returned home this morning.

W. A. Johnson of San Bernardino, C. S. Vance, United States Deputy Collector of Internal Revenue, and his sister, Miss Frances P. Vance, of Los Angeles arrived at the Metropole last night.

The Hermosa goes to Newport tomorrow morning to bring over an excursion party of 200 from Santa Ana, Anaheim and all the surrounding country.

Mrs. Alice Smith of San Francisco is registered at the Grand View.

BY WAY OF ENTERTAINMENT.
Miss May Gleason of New York, recently of San Diego, gave an entertainment last evening in the parlors of the Island Villa, which was a very meritorious affair. The entertainment consisted of the recitation of popular selections, which Miss Gleason presented in a highly-artistic manner, particularly her rendition of the wailing scene from Henry V. and her highly-humorous presentation of "Huldy's Courtship." Miss Gleason is a real artist in her line. The following party of Arizonans,

chaperoned by J. Fred Blake, enjoyed the trip to the Lathmus, and the coaching across the island to Little Harbor on Tuesday. Mr. and Mrs. C. F. Ainsworth, Miss Sylvia Ainsworth, Mrs. E. J. Bennett, Miss Daisy Bennett, Mr. and Mrs. Leo Goldman and child. The La Paloma went round the island today with a large party on board.

A FEMALE PICKPOCKET.

Arrested for Stealing Another Woman's Purse.

After the fire in the Lankershim Block yesterday afternoon, Officer Tyler, one of the policemen detailed to watch the ruins and see that no property was carried off by thieves, detected Mrs. Mary L. Garry in the act of picking the pocket of Mrs. J. Johnson who was among the crowd of spectators attracted by the fire. The officer saw Mrs. Garry abstract Mrs. Johnson's purse from her pocket, open it and move away, but she had not gone far before the "cop" took hold of her.

It did not take Mrs. Johnson long on being asked if she had lost anything, to discover that her purse was missing. Mrs. Garry stoutly denied having taken it, but it was found on the ground where she had dropped it after rifling it of its contents which did not amount to much.

Mrs. Garry was sent to the police station where she was booked for grand larceny. She has done time before, the officers say, for picking pockets. She is an elderly woman and speaks a broad Irish brogue. Mrs. Johnson who was robbed is a hard-working German woman.

Candidates for Deportation.

One of the San Francisco papers states that John H. Wise, Collector of the Port there, has for some time past been arranging for a general roundup of the coolies in Chinatown, who are known to be without registration certificates. Collector Gaffey of this city was asked by a Times reporter if there were believed to be many Chinese laborers in this city without certificates, as required by law. He said that the matter is being investigated, and at first sight it appears there are probably quite a large number of them who are candidates for deportation.

Building New Quarters.

Ground was broken yesterday preparatory to the erection of the new building for the Los Angeles Athletic Club. The building, which is to be of brick three stories in height, will be placed on the east side of Spring street between Fifth and Sixth streets. The building will be put up by Mrs. Catherine Wilson and as there is a forfeit clause in the contract the construction will be pushed rapidly to completion.

We Want a Few First-Class Salesmen.

Trade is showing a very large increase.

A Few Things For Today. Not Many. Great Values For What There Is.

All-wool Dress Goods that have been selling for 50c and 65c a yard; today 35c. One or two pieces of a kind in different lots; bunched together they make a good assortment. Splendid for school wear.

Spool silk, 100 yards, 3c a spool.

Knitting Silk, 22c; all colors.

Ladies Who Are Posted and have been all over the city say there is no such a line of new black goods as we are showing. 25c a yard up to \$2. We believe we are showing the best values in the 75c and \$1 line that has ever been seen in this city. We believe for 25c, 35c, 40c and 50c the equal is not to be seen.

For \$1.25 the line is grand. Pure Mohairs; extra weight; suitable for either separate skirts or for capes; small, neat figures; not a piece in the lot a week in the house. We believe in this black goods stock; the trade believes in it. Sales the past two weeks more than double over the same weeks of last year.

We Repeat It, There is no such a line of black dress goods in this city.

NEWS OF CYCLING.

SPRINKLING AND WIDE TIRES WOULD SAVE THE ROADS.

Riverside Wheelmen's New Bicycle Track One of the Best in the Country.

Redlands is to Have a Bicycle Track and Pomona Will Have a New Bicycle Club.

Anaheim Road Race-Pasadena's Club to Incorporate to Build Bicycle Track-Ulrich's Good Work-Wheel Notes.

All over Southern California the highways are neglected, and the streets of most of the towns, too. Of course bad roads are the cause of this, otherwise we up to date, country of ours. But there are many exceptions to this rule and the exceptions are becoming more common constantly.

Regular sprinkling and wide tires would improve the present roads of this part of the State at least 500 per cent.

R. M. Welch, Chairman of the Racing Board.

But either change would make the roads twice as good as they are now.

I have just been over nearly four hundred miles of the main roads of Los Angeles, Orange, Riverside and San Bernardino counties and, as usual, find here and there fairly good stretches of roadway, but the rest! No ordinary illustration and certainly no pen description can show how bad they are.

In going from Pasadena to Pomona I had to pass through about a dozen river bottoms, which were dry but bad in all other ways. There were miles and miles of road from Pomona to Redlands over which even a light load would be hauled by a strong team with difficulty.

From Redlands to Redlands I found it easier to ride through the pastures, along side the irrigating ditch, than on the main road. And when the ditch went the wrong way I took to the railroad and found that better riding than the county road. In Los Angeles county it was better riding through some of the fields than in the roads.

To ride by wheel from San Bernardino over the northern and best route to this city through Pomona and Pasadena required three-quarters of a day. With fair roads it should have been done in half a day, easy.

There is little country riding at present on the part of the wheelmen on account of the horrible roads. Last Sunday the cycling clubs and the wheelmen of Redlands, Riverside, Pomona

and Colton, Perris and adjoining towns called a union run to Harten Springs, but the public highways in that part of the State were so like flowered fields that only a few turned out. And those few derived little pleasure from the riding.

Surely Southern California cannot afford to throw away money in mismanaged road work when Northern California with similar amounts produces good roads. Supervisors and politicians had better take warning, for the wheelmen are organizing and will not vote hereafter for candidates unless they are sure that the candidates will work for good roads.

Anaheim has as poor surrounding roads as other Orange county towns but next Saturday it will have an eleven-mile road race and great preparation is being made for the occasion. Hundreds of Orange county people will come to Anaheim to see the event, which finishes on the main street. The progressive merchants know this and therefore have provided liberal prizes for the young men who ride in the race to amuse and entertain them. Rodriguez, the real Californian from Duarte, stands a strong chance of getting the time prize, but there are others who will attempt to get it too. Orange and Fullerton have had good road races and Whittier is to follow in a fortnight. Santa Ana will now have to get up a road race to keep up with the other Orange county cities.

Redlands Cycling Club is thinking of running a ten-mile road race from the center of that city out to Idlewild and return. Cycling in Redlands is having quite a boom, though society there has not yet taken to the wheel. Either the cycling club or a new athletic club, which will combine with the Redlands Cycling Club, will construct a three-lap track similar to the splendid one at Redlands, so that Redlands can be in the Southern California racing circuit. The Redlands Cycling Club is to join the League of American Wheelmen in a body, and it is now a strong supporter of the associated clubs. Its clubhouse has just been renovated and is already showing better than the others and almost everything needed is already part of their cozy headquarters.

The Riverside Wheelmen can well feel proud of their new race and athletic grounds. A few weeks ago the track site was the bare side of a hill, with a big open ditch running across the flatland-shaped spot. Today a neat fence surrounds one of the most scientifically-constructed bicycle tracks the world has ever seen. It is the only kite-shaped bicycle track in the world, and its curves and banks are all that can be desired.

San Jose has one of the few cement tracks now in existence, and it is probably equal to any other track on earth, but in many ways the new Riverside track seems to be better. San Jose of course has a genuine cement surface that alone cost several thousand dollars, but Riverside can easily add that improvement if thought necessary. The center field of the Riverside track is already much better than that of San Jose, while the banking of the Riverside track seems to me to be ahead of that at San Jose.

The Riverside Wheelmen have copied Denver and Salt Lake and built training quarters with dressing-rooms and shower baths, etc., under the grand stand, which will in some ways excel both Denver and Salt Lake. A ladies' parlor with toilet room has also been built, and can be reached from any part of the grand stand.

The stand is constructed for baseball as well as racing, and is planned for an extension on each end of the present section, which will hold about a thousand. The bleachers reach from the grand stand to the beginning of the homestretch, and more sections will be added to them, too.

On the whole, the Athletic Park and bicycle track of the Riverside Wheelmen is ideal, and few other bicycle clubs

in America will equal the Riverside. The credit for this big undertaking of the Riverside club belongs to W. A. Correll and L. S. Logan, mainly, these wheelmen being the president and secretary respectively, and great cycling hustlers, who have worked night and day for weeks on the new track scheme. The Riverside Wheelmen have just added thirty members to their club, thus making them twice as large as any other cycling club in Southern California.

The leading riders in Pomona have organized as the Pomona Cyclers, with thirty members, partly as the result of the Union run to Pomona two weeks ago. The officers of the new club are: President, E. K. Parker; vice-president, Ed Fleming; secretary, Arthur Baynam; treasurer, T. W. L. The Pomona Cyclers will be a league club and a member of the Associated Clubs of Southern California. Several of its

A FREAK WHEELER, NOW RIDDEN IN DENVER.

members will ride in the Anaheim road race.

Pasadena's hustling wheelmen, the Crown City Cycling Club, held an important meeting Tuesday evening. In that alone cost several thousand dollars, but Riverside can easily add that improvement if thought necessary. The center field of the Riverside track is already much better than that of San Jose, while the banking of the Riverside track seems to me to be ahead of that at San Jose.

and L. H. Mower as bondsmen. There is rather a peculiar circumstance connected with these two suits, as it appears that the parties in controversy are all spiritualists and that the suit against Mower is being prosecuted by a spirit message received from Treat's wife. It appears that this message was written on a slate held by Gillett and a lady member of the city. Treat denies his indebtedness to Gillett and claims that he has fully paid for all attention shown him by Gillett. Gillett is the proprietor of a lodging on State street known as the Bush House.

C. U. Armstrong of the law firm of Slade & Armstrong of Santa Maria is in the city on legal business. The leading business men of the city, including the hotel proprietors, are interested in one of the daily papers of Santa Barbara for attacking Walter Raymond. This paper says that Raymond's coming here does not benefit the place, that in fact it is a detriment. This statement is entirely wrong, for all hall Raymond's coming as a great benefit.

Arthur Garfield, a prominent business man and large property-owner of this city, is to take up his residence in the Ojai Valley, he having been recommended to do so on account of throat trouble.

Elmer Hartman, the artist, who has been ill for some time, is improving. The smiling countenance of E. P. Dunn of the Arlington is seen again illuminating the halls of that hostelry, after several days' illness.

Miss Elizabeth Grace Harrison, one of the society belles of Santa Barbara, was united in marriage Tuesday night, at the bride's residence on Chapala street, to L. J. Hatch of New York. Dr. A. H. Carrier was the officiating minister. The bridal party departed for San Francisco immediately after the ceremony.

Late arrivals at the Arlington include: Mrs. Isabelle Lacy, Miss R. Lacy, Miss J. Lacy, Los Angeles; A. J. Harris, wife and child, Bellon, Tex.; T. W. Brown, San Francisco; C. O. Hawley, Los Angeles; Herman Hertel and wife, Pasadena.

Police Court Notes.

In the Police Court yesterday, T. L. Gough was fined \$1 for violating the hitching ordinance.

J. B. Meyers was fined \$5 for not displaying a danger signal where his workmen tore up Figueroa street to do plumbing work.

The trials of a number of peace disturbers and other petty offenders went over till future dates.

The examination of W. H. Clune for assault to murder J. H. Bridges again took up the greater part of the time in Justice Morrison's court yesterday. The following witnesses were examined for the prosecution: William J. Williamson, George Fisher, George Miles (recalled), R. W. Gilkerson, Dr. E. A. Bryant, J. R. Conlee, J. R. Ritch, J. B. Buck and William Seekatz. The people rested and the following witnesses were then put on for the defense: Dr. C. T. Pepper, Ann Dolanty, Frances Dolanty, Celia Dolanty, Dr. H. Wernick, J. L. Rogers. No new facts of interest were brought out. The examination will be resumed this morning, but it is doubtful whether it will be concluded before tomorrow.

NEWS OF CYCLING.

SPRINKLING AND WIDE TIRES WOULD SAVE THE ROADS.

Riverside Wheelmen's New Bicycle Track One of the Best in the Country.

Redlands is to Have a Bicycle Track and Pomona Will Have a New Bicycle Club.

Anaheim Road Race-Pasadena's Club to Incorporate to Build Bicycle Track-Ulrich's Good Work-Wheel Notes.

All over Southern California the highways are neglected, and the streets of most of the towns, too. Of course bad roads are the rule all over this, otherwise up to date, country of ours. But there are many exceptions to this rule and the exceptions are becoming more common constantly.

Regular sprinkling and wide tires would improve the present roads of this part of the State at least 300 per cent.

R. M. WELCH
Chairman Racing Board.

But either change would make the roads twice as good as they are now.

I have just been over nearly four hundred miles of the main roads of Los Angeles, Orange, Riverside and San Bernardino counties and, as usual, find here and there fairly good stretches of roadway, but the rest! No ordinary illustration and certainly no pen description can show how bad they are. In going from Pasadena to Pomona I had to pass through a dozen river bottoms, which were dry but had in all other ways, there were miles and miles of road from Pomona to Redlands over which even a light load would be hauled by a strong team with difficulty.

From Redlands to Redlands I found it easier to ride through the pastures, along side the irrigating ditch, than on the main road. And when the ditch went the wrong way I took to the railroad and found that better riding than the county road. In Los Angeles county it was better riding through some of the fields than in the roads.

To ride by wheel from San Bernardino over the northern and best route to this city through Pomona and Pasadena required three-quarters of a day. With fair roads it should have been done in half a day, easy.

There is little country riding at present on the part of the wheelmen on account of the horrible roads. Last Sunday the cycling clubs and the wheelmen of Redlands, Riverside, San Ber-

nardino, Colton, Perris and adjoining towns called a union run to Harlem Springs, but the public highway in that part of the State were so like plowed fields that only a few turned out. And those few derived little pleasure from the riding.

Surely Southern California cannot afford to throw away money in mismanaged road work when Northern California, with similar amounts of money, produces good roads. Supervisors and politicians had better take warning, for the wheelmen are organizing and will not vote hereafter for candidates unless they are sure that the candidates will work for good roads.

Anaheim has as poor surrounding roads as any Orange county towns but next Saturday it will have an eleven-mile road race and great preparation is being made for the occasion. Hundreds of Orange county people will come to Anaheim to see the event, which finishes on the main street. The progressive merchants know this and therefore have provided liberal prizes for the young men who ride in the race to amuse and entertain them. Rodriguez, the real Californian from Duarte, stands a strong chance of getting the time prize, but there are others who will attempt to get it too. Orange and Fullerton have had good road races and Whittier is to follow suit in a fortnight. Santa Ana will now have to set up a road race to keep up with the other Orange county cities.

Redlands Cycling Club is thinking of running a ten-mile road race from the center of that city out to Idelwild and return.

Cycling in Redlands is having quite a boom, though society there has not yet taken to the wheel. Either the cycling club or a new athletic club, which will combine with the Redlands Cycling Club, will construct a three-lap track similar to the splendid one at Riverside, so that Redlands can be in the Southern California racing circuit. The Redlands Cycling Club is to join the League of American Wheelmen in a body, and it is now raised. The club-house has just been renovated and an up-to-date shower bath added. Lockers and almost everything needed is already part of their cosy headquarters.

The Riverside Wheelmen can well feel proud of their new track and athletic grounds, a few weeks ago the track site was the bare side of a hill, with a big open ditch running across the flatiron-shaped spot. Today a neat fence surrounds one of the most scientifically-constructed bicycle tracks the world has ever seen. It is the only kite-shaped bicycle track in the world, and its curves and banks are all that can be desired.

San Jose has one of the few cement tracks now in existence, and it is probably equal to any other track on earth, but in many ways the new Riverside track seems to be better. San Jose of course has a genuine cement surface that alone cost several thousand dollars, but Riverside can easily add this improvement if thought necessary. The center field of the Riverside track is already much better than that at San Jose, while the banks of the Riverside track seem to me to be ahead of that at San Jose.

The Riverside Wheelmen have copied Denver and Salt Lake and built training quarters with dressing-rooms and shower baths, etc., under the grand stand, which will in some ways excel both Denver and Salt Lake. A ladies' parlor with toilet room has also been built, and can be reached from any part of the grand stand. The stand is constructed for baseball as well as racing, and is planned for an extension on each end of the present section, which will hold about a thousand. The bleachers reach from the grand stand to the beginning of the homestretch, and more sections will be added to them, too.

On the whole, the Athletic Park and bicycle track of the Riverside Wheelmen is ideal, and few other bicycle clubs

in America will equal the Riversides. The credit for the big undertaking of the Riverside club belongs to W. A. Correll and I. S. Logan, mainly, these wheelmen being the president and secretary respectively, and great cycling hustlers, who have worked night and day for weeks on the new track scheme. The Riverside Wheelmen have just added thirty members to their club, thus making them twice as large as any other cycling club in Southern California.

The leading riders in Pomona have organized as the Pomona Cyclers, with thirty members, partly as the result of the Union run to Pomona two weeks ago. The officers of the new club are: President, E. K. Parker; vice-president, Ed Fleming; secretary, Arthur Bayham; treasurer, T. Wilier. The Pomona Cyclers will be a league club and a member of the associated Clubs of Southern California. Several of its

A FREAK WHEEL NOW RIDDEN IN DENVER.

members will ride in the Anaheim road race.

Pasadena's hustling wheelmen, the Crown City Cycling Club, held an important meeting Tuesday evening. Incorporation was decided upon, and the new bicycle club is now raised. The amount that will be spent mostly on the track was set at \$2500, and it is to be raised by 100 shares of \$25 each. Forty per cent. will be paid in soon, and Contractor Charles Mushrush will soon begin work on the grading. The land is already secured and the track is staked out. There will be a large grand stand with training quarters, and every effort is to be made to equal Riverside's new track. Probably all the stock will be subscribed by the club members, as the Crown City expect to soon have a hundred members.

Denver's track secured four world's records on Saturday. One of these was the lowering of the novice record, and was held by W. E. Delay of the Roanoke Road Club of this city.

Emil Ulbricht made a good showing in the Petaluma races last Saturday, and surprised his many friends in Northern California by the improvement he has made, since he was up North the last time. Slater and Lacey did not do as well as the "Flying

Dutchman," as they have not his strength and endurance, and they showed the effects of the long railroad trip. It is doubtful if even Slater shows up as well as Ulbricht after getting accustomed to the weather up North, for Ulbricht is a good campaigner and has improved very much this year.

Class A riders all over the State are "clicking" because Robert M. Welch, racing board representative, is enforcing the rules in their case. They want Representative Welch, who is also at the head of the California Cycling Association, to not notice them when they break rules. In "Uncle Bob" they will find a kind but square official, who will show no favor to wrong-doers. There is not an L.A.W. official in the whole country better fitted for the work than R. M. Welch, and he is doing more hard work than any member of the National Racing Board proper, which he only represents, as California is too far away for him to meet with the board.

This week's Riverside Wheel has a fine picture of Capt. Conning of the Riverside Wheelmen. Capt. Conning is one of the hustlers for the new track, and is a fine fellow.

League of American Wheelmen Sanctions and Rulings.

Representative Welch of San Francisco makes his weekly announcement as follows:

Sanctions granted: August 28, Woodland Cycling Club, Woodland.

September 7, Coronado Track Association, San Diego.

September 7, Cream City Cycling Club, Ferndale.

September 9, Riverside Wheelmen, Riverside.

September 15, Orange County Wheelmen, Santa Ana.

Declared professionals—Under clause A: A. Amador, Jr., Ben H. Barnes, Healdsburg; J. L. Dresser and C. E. Smith, Paso Robles.

Suspensions of Jacob Hirsch, J. Tremont, William Budie, W. A. Hubert, being part of the estate of the late Col. W. F. Francisco; B. J. Miller, M. L. Perkins and J. Elkus of Sacramento, for competing in unsanctioned races, terminating at request of L. S. Upton of the division racing board.

The attention of race promoters is directed to clause four of general rule C. Programmes must contain the notices therein provided, and they must further show the city and State address of each rider, the prizes for each event, and the value of each prize. Further sanctions will be refused to promoters failing to comply with these requirements.

SANTA BARBARA COUNTY.

A Big Sale of Real Estate—Other News Notes.

SANTA BARBARA, Aug. 25.—(Regular Correspondence.) The Santa Anita ranch, the upper and lower Gavito ranches and portions of the ranches Nuestra Señora del Refugio, being part of the estate of the late Col. W. F. Francisco, have been sold to Jeanie B. Hale, Harold A. Hollister, John J. Hollister and Stanley Hollister, heirs of the estate, for the sum of \$100,000. This is somewhat below the figure at which the property was appraised.

Pedro Dominguez, who was arrested on Monday for throwing a stone at the house of Dolores Garcia, again in the city. It seems that he went this afternoon to the Independent office and proceeded in terms more forcible than elegant to criticize William E. Vies in a manner of speaking of his arrest on Monday.

He became so obstreperous that Mr. J. Vies was compelled to have him arrested for disturbing the peace.

On Tuesday M. J. Gillett brought an attachment suit in Justice Gamill's court against J. W. Treat to recover the sum of \$250, being attendance upon Treat for the period of four weeks at \$5 per week. A diamond stud and a gold watch and chain were attached.

As a retaliation Treat has had Gillett arrested for embezzlement, claiming that the latter has converted to his use a diamond ring valued at \$150 belonging to the former. Gillett has given bail in the sum of \$500, with Otto Kading

as surety.

In the Police Court yesterday, T. L. Gough was fined \$1 for violating the hitching ordinance.

J. B. Meyers was fined \$5 for not displaying a danger signal when his workmen tore up Figueroa street to do plumbing work.

The arrests of a number of peace disturbers and other petty offenders went over till future dates.

and L. H. Mower as bondsmen. There is rather a peculiar circumstance connected with these suits, as it appears that the parties to the suits are all spiritualists and that the ring which Gillett is charged with having been given by Treat to Gillett on a halcyon message received from Treat's wife. It appears that this message was written on a slate held by Gillett and a lady, who is the proprietor of a lodging on State street known as the Rush House.

C. U. Armstrong of the law firm of Slade & Armstrong of Santa Maria is in the city on legal business.

The leading business men of the city, including the hotel proprietors, are licensed at one of the daily papers of Santa Barbara for attacking Walter Raymond. This paper says that Raymond's coming here does not benefit the place, that in fact it is a detriment. This statement is entirely wrong for all hail Raymond's coming as a great benefit.

The Clune Examination.

The examination of W. H. Clune for assault to murder J. H. Bridges again took up the greater part of the time in Justice Morrison's court yesterday.

The following witnesses were examined for the prosecution: William J. Williamson, George Fleiner, George Miles (recalled), R. W. Glickerson, Dr. E. A. Bryant, J. R. Conlee, J. R. Ritch, J. B. Buck and William Seekatz. The people rested and the following witnesses were then put on for the defense: Dr. C. T. Pepper, Ann Dolanty, Frances Dolanty, Celia Dolanty, Dr. R. Wernick, T. W. Gleason, Fred Dolanty, J. L. Rogers. No new facts of interest were brought out. The examination will be resumed this morning, but it is doubtful whether it will be concluded before tomorrow.

A RESOLUTION ADOPTED BY THE FIRE COMMISSIONERS.

It prohibits the receiving of Gifts by All Department Officials—Some Changes Made.

A Goodly Grist of School-furniture Bids Received Yesterday by the Council.

Chinaman Versus Car Conductor—A Ten-year-old Vagrant—Three Divorces—Effects of an Irish Speech—A Child Adopted.

The Fire Commissioners yesterday decided to transfer a number of the fire engines from the outskirts of the city to the central part of town. A resolution was passed by the board forbidding any and all officials of the department to receive presents from subordinates. The City Council received bids yesterday on furniture for the new school buildings. The school site in the Third Ward was located by the Council on Olive street between Fourth and Fifth streets.

At the Courthouse yesterday Department One was open in the morning, and several minor matters disposed of. The Township Court was occupied all the afternoon with the jury trial of W. A. Brown, the street-car conductor who threw a Chinaman off the car. Two decisions came down from the Supreme Court.

THE THIRD DAY.

SOME GOOD PLAYING SHOWN AT THE TENNIS TOURNAMENT.

Played in Two Courts—Bumiller of Los Angeles Won the Championship—Some Spots—The Various Games in Detail.

SANTA MONICA, Aug. 28.—(Regular Correspondence.) The third day's play in the tennis tournament opened with two courts occupied with doubles. One was in the association games, and the other mixed doubles with Paul Arnold and Mrs. Tebb facing Cosby and Miss Schumacher. Play was spirited in this match, and the first set was a close one, with the score standing 6-4. In the next, however, Cosby and Miss Schumacher were unable to secure more than one game and the set and match was closed at 6-1.

In the other court there was much interest in the series between Bumiller and Way on the one side and Carter brothers on the other, and a close battle was anticipated. But the opening set was disappointing, as Bumiller seemed so often in the playing thus far, the expected close games have not been such. The Englishmen lost the first set, 6-0.

In the next set the Carters steadied down and played a better game. Their work was not infrequently brilliant, and the games ran evenly. Bumiller and Britons reached five, but instead of this fact worrying their opponents it seemed rather to nerve them to better play, and the game was won by the next ten minutes was invulnerable, closing the set and the match at 7-5.

The Arnold brothers lined up for the third match of the day, pitted against Hendricks and Sinsbaugh, who took the first game promptly after deuce was reached. The Arnolds rallied in the second and took it at 15 for 10. The third game was a close one, with the brothers by easy stages. The Arnolds won the fourth. The fifth proved to be a good fight on both sides and finally went to Hendricks and Sinsbaugh, it was evident, however, that the Arnolds out-classed their opponents and while some clever work was shown by the latter, the trend of the game was to the leaders. The set ended 6-4 in their favor. The second set ended the match, the Arnolds winning by 6-3.

Interest in the afternoon play continued in the finals of the association singles, when Bumiller and Freeman met. Mr. Carter was unable to play, and the match was a lively interchange of strokes, and volleying in plenty. The game was short and sharp and went to Freeman. The second set was won more time, and was taken by Bumiller. The third opened with both players cool and determined, and alert and active. At 20 Freeman made no mistake, but took the game on the next two plays. Freeman scored for the fourth, but lost the first point. He won the next three. Then the game was deuced and shortly Bumiller won on brilliant volleying. The fifth was a hot one. After several alternating volleys, Freeman won on a well-placed ball. Freeman took the sixth in a series of rapid strokes, during which his adversary only scored once. In the seventh Bumiller made his clever net and volley work in a series of brilliant plays that ran the game to 40-love. Then Freeman braced up and tied the score. Bumiller scored successively and took the game. Freeman scored first in the eighth, but the score was tied at 30. Freeman scored twice and won. In the ninth and last, Bumiller scored and won on a net shot in on the net effectively. He had only touched the score once when Freeman captured game and set, 6-3.

The second set was won, with a point each. Bumiller crowded the net and volleyed beautifully as usual, but Freeman lobbed him back and the Los Angeles man lost himself the ball and the game in the net. The second Freeman stopped at 30 and the games were one-off. The third was deuced early, wavered twice and Freeman won. Freeman failed to score in the fourth. Deuce claimed the fifth and held it till Freeman won. He also won the sixth on meritorious play. The seventh was long at deuce. Bumiller struggling toward the net, but the Pasadena boy beating him back until finally the coveted double break came and the Los Angeles player and the games stood 4-2. Bumiller took the next and tied the score. Bumiller won the ninth on a beautiful cross stroke, while the other could not reach. After some good work on both sides Freeman won the tenth and prolonged the set. The Los Angeles man captured the eleventh. The twelfth and last was won by Bumiller in a series of rapid, well-placed strokes; score, 7-5.

Freeman passed the ball first to the other in the opening game of the third set, but Bumiller took the game. In the next Freeman went to pieces and failed to score. He recovered his nerve in the third and won. Bumiller got in his deadly net work and deuced the game to his string. Pasadena's set 6-3, a point when Freeman took the fifth by a succession of beautiful drives, through his adversary's guard. It kept on going up when Freeman took the sixth on the other's favorite, net play. Bumiller won the seventh, also the eighth. Freeman put up a weak game in the tenth and lost the game and set, 6-3.

Bumiller opened the fourth set at a winning pace, and took the game. When the score stood at 15-0, Freeman recovered his head and won out. The third was a fight, but Bumiller took it. The Los Angeles boy was playing the steadier game and took the fourth. The fifth was tied at 40, but Bumiller took it. The sixth was for blood, but went with the others. Bumiller ended the agony on a beautiful, long cross-drive, which gave him the seventh game, the match and the championship; score 6-1. The day's summary is this: Paul Arnold and Mrs. Tebb beat Carter brothers 6-0, 2-5; Paul Arnold and Mrs. Tebb beat Cosby and Miss Schumacher 6-4, 6-1; Arnold brothers beat Hendricks and Sinsbaugh 6-4, 6-3; Bumiller beat Freeman 4-6, 7-5, 6-3, 6-1.

Bumiller and Way play a steady, strong, team game. They have many points in common, and combine them successfully. Coolness is one of them, and it is effective as a double-headed.

Sinsbaugh had some clever work in his games today, and evidently has the points for a good player. The tennis ball has been abandoned. This afternoon saw the largest audience of the tournament, in which there were many Los Angeles, and not a few Pasadenaans. The crack match between Freeman and Bumiller held undivided attention, and the sympathy was pretty evenly divided. The "talent" stood by Bumiller, but the laymen used their palms most vigorously when Freeman made his points. Among the spectators were Senator and Mrs. Jones, Judge and Mrs. J. W. McKinley, Mr. and Mrs. E. Cawston, Judge and Mrs. J. W. Hendricks, Mrs. Krug, Mrs. and Mrs. S. P. Hunt and many well-known Santa Monicaans.

CHAMBER OF COMMERCE.

More Money Needed for the Atlanta Exhibit.

The board of directors of the Chamber of Commerce met yesterday afternoon, with Messrs. Cline, Forman, Jones, King, Kline, Slauson, Stimson and Vetter present. Vice President Forman occupied the chair.

The committee on the Atlanta exhibit fund reported through its chairman, Director Kline, that some more money would be necessary and that work would be resumed at an early

date. It also reported that one car of exhibits had been sent on, and that another would follow in a few days, and that Mr. Wiggins would arrive in Atlanta in day or two, and would telegraph the condition of affairs there.

Director Slauson reported that he had conferred with one of the members of the T.W.C.U., and advised that an invitation be tendered to the national organization, asking it to hold its next annual convention in this city.

T. F. McCamant was elected to membership.

The remainder of the meeting was taken up in a discussion of details relative to the management of the chamber's affairs.

NOTES.

Another register has been filled with names of visitors from all over the globe. There are at least fifteen thousand signatures in the book, and it required only four months to fill it.

Postal cards from the Superintendent Wiggins, mailed along the way, continue to flutter into the Chamber of Commerce, filled with the parting injunctions he forgot to deliver.

Yesterday's donations were: Bartlett pears and nectarines, Dr. Vogts, Palm-dale, Antelope Valley; Muscat grapes, R. Orange, Bonita ranch, Fairmont; Sweetwater grapes and a Jumbo tomato, weighing two pounds eight ounces, M. L. Albright, Glendale; soft-shell walnuts and Bulgarian prunes, H. M. Melvin, Ventura.

TRANSPORTING OIL.

Progress Will Necessarily Be Slow—In the Oil Field.

"Now that the Oil Exchange is incorporated we can hope to accomplish something," said Maj. Cochran yesterday. "We are not the only people who are anxious that transportation facilities should be secured. The San Francisco manufacturers are hungry for our oil. Half a dozen prominent capitalists have been in Los Angeles lately, making a thorough study of the industry. But in such a big enterprise as the building of pipe lines to the coast and the construction of tank-steamers, an enterprise requiring \$300,000 or \$400,000 capital, things can't be hurried. We will need at least two steel tank-steamers, for as soon as we let go this field will produce a million barrels of oil a year. But think of it, although California has been producing petroleum for thirty years, there is only one oil steamer on the Pacific, the Harmore, which plies between San Francisco and Peru. And that is a foreign vessel. But the Union and Pacific Coast Oil companies of Ventura county will soon have a tank-steamer of their own."

OIL NOTES.

The Soldiers' Home uses fifteen barrels of petroleum daily, for all the cooking of the big institution is done by steam produced by an oil-burning engine. A big tank-wagon makes the fourteen-mile trip from Los Angeles to the Soldiers' Home every day. Twice as much is needed in the winter.

Mrs. Lemon has a well on Rockwood, near Belmont, which has been producing over fifty barrels a day. But there has been a bad cave in the sides of the well, and the drilling machinery will have to be set up again in order to clean the well out.

Work was begun yesterday on the derrick for a new well on Belmont avenue, just west of Rockwood. Mrs. Lemon is the owner.

Mrs. McDowell has a new derrick on Rockwood street.

The new Pennypacker well on Rockwood street owned by Mrs. Pennypacker is nearly ready for the drillers to commence work.

Beaten and Robbed.

Wong Wuen, a Chinese merchant, reported to the police station last night that he had been beaten and robbed by a Chinaman named Wong Sing. The former was in the store of Sam Wing about 9 o'clock last night when Wong Sing started to take from him something over \$20 which he had. He resisted and the robber struck him a stunning blow over the left eye at the same time, and he knew the character of the blow. The condition of the injured man's eye was in evidence. It is feared the police will be unable to catch the robber.

Examinations for Insanity.

Mrs. Mary P. Milburn was yesterday brought before Judge Smith and examined for insanity by Drs. Jones and Mathis. She was discharged.

The same physicians examined Mrs. Angel Viole, who was committed to Highland for acute puerperal mania.

Can you Afford to ignore the fact that shoes like this

Elegant Dongola Kid Oxfords, slipper-foxed, either high or low heels, pointed toe or square, extremely flexible, the soles of best oak-tanned leather, shoes fresh from the factory and just as fine and stylish as they can be, worth anywhere \$3.50, can now be bought at Gibson's for \$2.00?

Or that Shoes like this

Fine vici Kid, full slipper-foxed cloth or kid tops, pointed or square toe, turn or welt, laced or buttoned—shoes worth \$6.00 and cheap at that—are being closed out at the same place at \$4.00?

These shoes are no common stock bought to sell to cheap trade. Like all of Gibson's shoes they were made up to his own special order for that class of people who buy for the best regardless of price. They are fine and fresh in the very height of the present style.

The only Reason they

Are offered so low is this: In his new store, to which he will remove October 1. Mr. Gibson will handle men's shoes exclusively. The large stock of ladies' shoes now on hand must be disposed of before that time. To get "cost and carriage" out of them is all he is attempting to do, and they cost a good deal less, be it observed, than they would cost today, having been contracted for before the recent advances.

RIPANS TABULES
Mr. L. A. Rocher is a farmer residing about three miles out of Colon, N. C. His home is somewhat in the backwoods. In an interview with Mr. S. T. Godfrey, a correspondent of the Telegram and Sunday Times, Mr. Rocher, on the 17th of June, 1895, said: "I am 61 years old, and until I was high into 50 years old, I was always well and hearty, then for a long while, and until last February, I suffered with indigestion and could not eat anything hardy at all. My daughter, who lives in the city, sent me some of Ripans Tabules, told me how to take them, and they have completely cured me. My wife is now troubled with the same complaint, and has written daughter to send some more of Mr. Ripans medicine. I want you to tell everybody how I got cured, for it is a blessing to humanity."
(Signed) "L. A. ROCHER."

Ripans Tabules are sold by druggists, or by mail if the price (50 cents a box) is sent to The Ripans Chemical Company, No. 10 Spruce st., New York, Pa. Price 10 cents.

PASADENA.

HOW AN OFFICER AND PRISONER FOUND EACH OTHER.

William Hendel wandered his days in the mountains without food—Reception by the American Mechanics—Methodist Quarterly Conference.

PASADENA, Aug. 28.—(Regular Correspondence.) William Hendel, the demented man who last week escaped from Constable Slater, and for whom a search has since been kept up, was found on the streets this evening in a pitiable condition, almost dead with hunger and fatigue. The poor man was being aimlessly wandering about in the mountains during the past six days, and endured much privation from famine and exposure. It appears that he has all this time been trying to find the constable, and officer and insane patient met in a peculiar manner on the street. The unfortunate man will be placed where he will hereafter be safe.

RECEPTION TO MR. SIMONS.
The reception given to Hon. N. W. Simons, national organizer of the O. U. A. M., at Odd Fellows Hall Tuesday evening, was attended by about a hundred gentlemen interested in the workings of the lodge, and of these thirty remained, and the council was fully initiated under the name of Bunker Hill Council No. 2. Mr. Simons made a very favorable impression upon all those who were fortunate enough to meet him, and the lodge, freed from the disturbing element which threatened it in the person of A. W. Hall, has before it the prospect of a prosperous career.

The following officers were installed: W. S. Lacey, senior ex-councilor; R. H. Wilson, junior ex-councilor; R. H. Williams, councilor; E. F. Smith, vice-councilor; W. L. Jones, recording secretary; C. E. Billings, financial secretary; E. F. Brown, treasurer; R. V. Day, instructor; L. M. Gilman, inside counselor; W. H. Wilson, inside protector; J. M. Davis, outside protector; William Mattoon, Dr. C. A. Briggs and M. H. Mitchell, trustees.

The next meeting will be held two weeks from last evening. Mr. Simons will visit the other councils in this part of the State and will establish a State grand council before his return home, probably at Los Angeles.

QUARTERLY CONFERENCE OF THE METHODIST CHURCH.

The regular quarterly conference of the Methodist Church of Pasadena, which occurred on Saturday evening, was the occasion of the submitting of reports of the condition of the church, and the selection of officers and committees for the ensuing year. The conference unanimously requested the presiding elder to use the necessary means to have Rev. Clark Crawford returned to the church for the ensuing year. His ministry here has been earnest and enthusiastic, and the church has prospered under it. His people realize the worth of the work he has been doing for their church and for Pasadena, and desire to retain him as long as possible. The gain in membership by letter and probation for the year is 181. The following officers for the ensuing year were elected:

Trustees—M. M. Parker, P. M. Green, T. C. Hoag, George E. McHenry, C. G. Harrison, E. F. Brooks, E. D. Stevens, E. H. Pinney, Isaac Springer, W. N. Van Nuy, T. J. Martin, F. S. Wallace, A. F. Keyes, S. F. Johnson, H. Holbrook, C. G. Griffith, C. E. Billings, H. C. Cogswell, H. Hammett, H. A. Cogswell.

Recording steward—S. F. Johnson. District steward—A. F. Keyes. Committees were appointed as follows:

Church Records—M. M. Parker, F. S. Wallace.

Parsonage and Church Property—F. D. Stevens, C. M. Skillen, Miss Lillie Peck, Mrs. E. F. Brooks and president Ladies' Aid Society.

Church Music—P. Hammond, I. J. Reynolds, E. F. Brown, Mrs. H. Holbrook, Mrs. L. A. Holman, J. R. McKinnis.

Estimating Pastor's Salary—P. M. Green, T. J. Martin, Henry Holbrook.

Estimating Amounts for Conference Claims—E. F. Brooks, E. D. Stevens, Isaac Springer, Edward Michener.

Freedom's Aid and Southern Education—Dr. M. Ella Whipple-Marsh, B. F. Fitch, E. F. Brooks.

Delegate to the lay electoral conference—M. M. Parker.

PASADENA BREVITIES.

The Times inadvertently credited S. F. Bangham, who is ten years more than he is entitled to, in a recent mention of that gentleman. Mr. Bangham is but 50 years of age, and as "one is never older than he feels," Mr. Bangham probably feels as young as many a youth of 30, especially as his journey nears its termination. He is an esteemed and popular citizen of Pasadena, and Miss Jones, whom he goes East to wed, is not "elderly," though a maiden lady, being, it is said, in the prime of life beauty.

It is a timely suggestion that has been made with reference to the widening of Lake avenue to 70 feet, the width of the street south of Hill. It is urged that the widening of the street would benefit all of the property on the avenue, and as it will probably be done some time in the future, the prudent step would be to have the widening now, while the expense and inconvenience would be comparatively small.

Mr. and Mrs. J. H. Holmes of Hotel Green returned to Pasadena Tuesday evening after an extended visit in the west. Mr. and Mrs. Holmes, like all of Pasadena's business men, look forward to the most prosperous season since "boom times." The improvements of Hotel Green are progressing favorably, and will soon be completed.

For ten days not a single death has been reported in Pasadena. This is considered a phenomenal record for a town of 13,000 inhabitants. There are few serious cases of illness in town, and none of the summer diseases which are so common in the East during the heated term have been heard of here this summer.

An agreement has been made between the Broadway property owners and the officials of the Southern Pacific road which provides that if the

former withdraw their petition against the proposed fence along the company's property on Broadway, near Colorado, the road will pave Broadway from Colorado to Green street with asphaltum.

At the meeting of the Fraternal Aid Association Tuesday evening Dr. and Mrs. Fordyce Grinnell were surprised by the presentation of a handsome Bible by the members of the association as a testimonial of appreciation of the work which Dr. Grinnell and his wife have done for the organization.

Harley D. Nichols has brought back from La Jolla some beautiful bits of water-color work, the most notable being pictures of the various rock formations near the beach, and characteristic pieces of California coast scenery.

The case of Mr. Werner, charged with selling liquor in violation of the ordinance, will be tried before Recorder Rossiter at 10 o'clock Friday morning. Charles H. Smith will be tried Thursday.

There is a small village of tents at South Pasadena where the Santa Fe Company has a gang of workmen busy straightening its tracks. The point where the work is being completed.

E. H. Lockwood and family have gone to Long Beach for a week's outing. Dr. and Mrs. E. S. Rosenberg will leave on Thursday for Tacoma, Wash.

SANTA MONICA.

A Man-eating Shark Killed—Visiting Foresters—Local Notes.

SANTA MONICA, Aug. 28.—(Regular Correspondence.) Charles Foss went fishing up Malibu yesterday, and in the afternoon he succeeded in taking and killing a large man-eating shark, which measured eleven feet in length. The monster has been brought down to the North Beach bath-house, where it is on exhibition, and is attracting much attention. It will remain in evidence until it becomes offensive.

THE RACES.
Entries for the Santa Monica races announced for September 9 have been so numerous that it has been decided to extend them over two days, and the events will be concluded on the 10th.

The following are the officials of the meet: Stewards—H. A. Winslow, Roy Jones, P. D. Martin, E. G. Gorcham, W. H. Young and R. L. Bettner; Judges—Maj. Bolton, W. E. Pedley and Wilbur Barker; starter, E. Ryan; handicapper, W. R. Barker; secretary, G. L. Waring.

SANTA MONICA BREVITIES.
A large delegation of Foresters came down from Riverside today, arriving via the Santa Fe shortly before 11 and then dropped off at the North Beach bath-house, where they put in the day and where the management served them with a generous clam bake.

A reform conference has been called to meet at the Protestant Episcopal Church here next Friday for the purpose of discussing the proposed amendment to the constitution of the church, beginning at 10 o'clock.

Kate Tupper Galpin, Mrs. McComas, Senator McComas, W. W. Bowers and other speakers will take part in the meetings.

The remains of Owen Langworthy were buried from the undertaking of J. H. Fitch and Co., at 2:30 o'clock this afternoon.

REDLANDS.

REDLANDS, Aug. 28.—(Regular Correspondence.) Tuesday afternoon Judge Campbell sentenced Manuel Bartino, for disturbing the peace, to five days in the County Jail, and Baltazar Butierrez, for battery, to ten days at the same place.

This morning in the same court, for disturbing the peace, Jose Rodriguez was sentenced to ten days. On the same charge Alligo Hernandez was acquitted. The defendants had been drinking and carousing in San Timoteo Canyon, and after a heated argument, the sympathy of women in the gang until the sympathy of neighbors was aroused, they were placed under arrest by Capt. W. H. Adams and brought to this city.

Another warrant has been sworn out against Hernandez, charging him with petty larceny, George Jordan being the complainant. In searching Hernandez the officers found a woman's gold watch which Mr. Jordan recognizes as the one left at his jewelry store by Rev. Edison Hale, and which had been stolen. Hernandez claims he bought the watch of a party in Los Angeles, paying for it \$10. The watch is valued at \$40.

D. D. Wise and wife will leave tomorrow for the mountains where they expect to remain for several months.

Miss Edith Adams returned on Tuesday evening from Ocean Park.

The best home from a vacation spent at Bluff Lake.

Mr. Lynch of the Florence Hotel, San Diego, was in Redlands today, talking up the matter of the association, and stating that there will be 50 delegates in attendance. They will visit a number of cities in Southern California, and intend to spend one day in Redlands. The delegates will remain in the State nine days.

A SANTA ANA MAN GOES HIMSELF WITH GLORY.

An Interesting Talk with Two Boy Thieves—The Board of Education Had a Meeting—News Notes and Personalities.

SANTA ANA, Aug. 28.—(Regular Correspondence.) The somewhat meek and mild-mannered Mr. Winslow of the firm of Beach & Winslow of this city, brings glory enough to Santa Ana for one week at least. The message comes from farmed Catalina, on the wings of a dove, that W. E. Winslow has taken the whole bakery on the fish question.

Mr. Winslow is a very small man, but he caught the biggest Jewish at Catalina the other day that had been hauled ashore during the season. The big monster when rolled over on the scales tipped the beam at 180 pounds, and Mr. Winslow—the captor—would have to be weighed after a very hearty meal if he could possibly raise the weights at 100 pounds. But Mr. Winslow's diminutive frame had nothing to do with measuring his enthusiasm over the big catch. He made just as big a demonstration as if he outweighed the fish himself, and when the photographer swung the monster of the deep up by a derrick to photograph it, Mr. Winslow took his place at the side of the fish as proud as any other fellow would have been had he been the fortunate angler.

Mr. Winslow's many Santa Ana friends will, of course, expect a sample of the big Catalina fish to be sent to the Garden Grove boys.

Vaughan Ruby and El McGaffin, the two Garden Grove boys arrested by Sheriff Nichols and Constable Bittner for stealing a bale of barley sacks from N. E. Cass, one of their employers, have since their incarceration come to a vivid realization of their awkward situation before their friends and associates, and Ruby and McGaffin, the Times correspondent, who visited the jail with Deputy Sheriff Ulm this afternoon, said that there are other vocations which they would rather pursue, and are far more conducive to happiness than sack stealing. Young McGaffin was taken to Los Angeles today to show Sheriff Nichols he was a partner disposed of their stolen goods, but the Times representative succeeded in getting the story of their short criminal career from Ruby.

Mr. McGaffin, who is a native of Santa Ana, said, could not be charged with such degree of loquacity as would unfit him for his operations in the line of criminality.

In answer to a question as to how he came to steal his neighbor's sacks, he said: "My partner and I were riding past Mr. Jacobson's barn the night before the robbery, when we saw a number of sacks, and as we wanted money, we concluded we might get a supply of spending money by selling them to a junk dealer."

According to Ruby's story the two boys planned their raid at once and proceeded to execute their plans the next night. They secured a horse belonging to the father of one of the boys, backed it into the barn, rolled the 800-pound bale into it, and immediately drove to Los Angeles, where, as before stated, they sold the bale to a dealer, receiving \$25 for it. With the money secured they returned to Anaheim, where, through the aid of a friend, it is said they indulged in a frolic which lasted until their money was all in the till of the saloon men of that city.

They returned to their home, where they remained until caught. Ruby expected his folks to visit him today, but as they did not come, he expected the fear that they have decided not to help him in his hour of tribulation.

Sheriff Nichols returned this evening from Los Angeles with McGaffin, where it was ascertained that the boys sold the sacks to the Star fuel and feed store at No. 222 San Pedro street. Young Ruby did the selling in Los Angeles, and McGaffin, who is a native of Santa Ana, and that his father at Garden Grove had sent him to Los Angeles to sell the sacks. The sacks were stolen on Thursday night and were sold next morning in Los Angeles for \$25. Ruby received a check and had the same cashed at a bank, indorsing the same with the name of John McGaffin, thus committing forgery.

BOARD OF EDUCATION.
The City Board of Education met Tuesday evening with Messrs. Smart, Wade, Ball and the Superintendent of Schools present. The matter of raising money for the new school building, and furniture was brought up and discussed at some length after which it was voted to raise \$1000 for repairs and for site, etc., making a total of \$4000.

After the auditing of the bills on hand the board adjourned.

In the afternoon the board met as a High School board and received \$4500 for the expenses of the High School for the coming year.

ORANGE COUNTY BREVITIES.
In the suit of the settlers of El Modena and Villa Park against the James Irvine estate, Judge L. L. Smith, in Court in this city, to determine the title to the waters of Santiago Creek, the defense today made a motion for a nonsuit, which was granted by the court, and the examination of witnesses for the Irvine company was begun. It will probably be a week before the examination of witnesses for the defense can be concluded.

Mrs. Jenny Twichell Kempton of Los Angeles has organized a vocal class in music in Santa Ana and will visit that city now and then for a week.

Mrs. Kempton sang in Santa Ana several months ago at a musical given by Mrs. J. G. Scarborough of North Main street at which time she made many warm friends.

A. N. Loring of San Diego paid Santa Ana a brief visit Wednesday. Mr. Loring was a resident of Fairview during the boom, when land in the Hill town was selling at a good, round price per front foot. He is now one of the leading merchants in the bay's climate city.

Miss Minna M. Perley, who has been at Pasadena attending a summer school course, has returned to Santa Ana for a few weeks' rest before the public schools there reopen. Miss Perley is one of Santa Ana's most valued teachers.

Baptist church services will be held in Spurgeon's Hall, Santa Ana, from date until the last of September at the usual time of holding services. The repairing of the church makes this change necessary.

Mrs. E. I. Hubbard, one of Santa Ana's most efficient teachers of the public schools, returned Tuesday from an outing of about four weeks, during which she visited Long Beach and Catalina.

Funeral services over the remains of Mrs. H. C. Snow were held at the family residence in Tustin this afternoon.

The interment, which will be private, will take place tomorrow.

Mrs. Refugio Guillan, aged 35 years, of Santa Ana died at an early hour Wednesday morning after a brief illness. The funeral services will be held today (Thursday).

Linn L. Shaw of the Orange County

Herald and family have gone to Laguna Beach for an outing of a week or ten days.

Mrs. L. M. Devore has returned to Santa Ana from a two weeks' outing at San Juan Hot Springs.

Mrs. Della Sherrard of Redlands is visiting friends at El Toro, this county.

SAN DIEGO COUNTY.
To Consolidate City and County Offices—News Notes.

SAN DIEGO, Aug. 28.—(Regular Correspondence.) There is talk of consolidating certain city and county offices. People think they are overtaxed, and that there is not enough work for one set of officials to do. The city and county is overwhelmed with superfluous officials. For instance, we have three Superior Court Judges. Two can do the work. One of these judges is taking a vacation most of the time. But his pay continues just the same, whether he is working or not.

The public offices have been run carelessly. There were two recent instances. The ex-tax collector was short in his accounts \$2300. The department of justice allowed an illegally-impaneled grand jury to sit. Such blundering, stupidity on the part of high-salaried officials is inexcusable. There is a want of business exactness in the county offices.

Charles A. Turner seeks a divorce from Sadie F. Turner in Los Angeles. Adolph Sherrard and Gertrude Barker have secured a marriage license.

S. H. Clough will build a \$3800 house on Golden Hill.

The State assessment of railway property in this county is as follows: Southern California, \$661,154; Southern Pacific, \$821,578; Pullman Company, \$3794 on the Southern California road and \$6000 on the Southern Pacific.

The C. Evans and wife and the Countess von Schallertach have left Hotel del Coronado for Los Angeles.

Allen, who is working as a stevedore at Hotel del Coronado, also George P. Curtis of San Francisco.

Capt. Frank de L. Carrington, U.S.A., is inspecting State property at Catalina. The schooner Joseph Russ is due from Gray's Harbor with lumber, also the steamer National City.

The bark Landais is ballasting preparatory to sailing north.

POMONA.
POMONA, Aug. 28.—(Regular Correspondence.) The City Council met last night, all the members in their seats.

There was another unexpected hitch in the matter of the railway franchise resulting from reversionary rights as regards the park grounds; and in order to avoid trouble, do things right and save time, the council postponed the matter of another week was asked by Judge Bicknell on the part of the Southern Pacific, and granted by the board.

Judge Bicknell stated in the matter, but that another claimant, Mr. Armstrong, although the abstract did not so show, had appeared upon the field, and on account of this he preferred to have the abstract reviewed by the abstract company, and then proceed to draw up and present such a franchise as would cover the whole line of the railway.

The tax ordinance No. 144 was passed, which authorized the city to pay for the bonds of the city, and to amend to ordinance No. 99, so that an election to vote upon the issuance of bonds might be called within fifteen days of the date of the ordinance.

An ordinance looking forward to the numbering of the houses in the city was referred to the Street Committee.

A resolution, relating the preliminary steps taken for the purchase of the Decker-Fleming water supply and plant for the purpose of establishing a city system, was presented by the City Attorney as the first step toward calling a bond election.

A protest against the extension of the line limits was submitted by several property holders within the two blocks to be covered by such extension.

A. J. Stewart was awarded the contract for sweeping the paved part of Second street with a sweeping machine, at \$2 per day, if city remove debris; \$2.25 if he did so.

A resolution relieving Mr. Emerick as a High School board member, Mr. Atkinson was passed.

Adjourned to next Tuesday evening.

POMONA BREVITIES.
Mrs. Sue Gregg Layne will, as the Board of Education cannot build but can only rent, have two rooms built at the corner of Gibbs and Libbie streets, which will be used as a school room, and will lease for a term of three years, as it is impossible to do justice to all the school children in the city without such additional room facilities.

An oil tank with 300 barrels capacity is being built at this end of the motor line, or near the Pacific Electric Company's ground near the terminus. Miss Eccles of San Dimas has forwarded during the week a lot of her fine stock to Sacramento for entry at the fair.

An Ontario paper claims that 20,280 tickets to Pomona have been sold since the Southern Pacific depot was established there.

John Woy, who has just returned from Catalina, brought home the head of the Jewish fish he landed there, and can be seen at the store, and weighs 61 pounds, the whole fish having drawn down the scales at 270 pounds.

The coroner is preparing to give Rev. Bennett and family a rousing reception on their return from the East Saturday.

Officers and members of South Gate Lodge, No. 232, F. & A. M., and several committees of sister lodges, will assemble at the hall, corner Third and Main streets, on Thursday, August 29, at 1:30 p.m. sharp, for the purpose of attending the funeral of our late brother, William C. Hoagland of Oakland Lodge, No. 188, by order of the W. M. C. W. BLAKE, Secretary Masonic Board of Relief.

MORE GOLD FROM THE DESERT QUEEN MINE.

It is Believed That Murderer Douglas Has Been Captured in Texas—People Still Seeking Summer Resorts—Items of Local Interest.

SAN BERNARDINO, Aug. 28.—(Regular Correspondence.) J. B. McHaney, the principal owner of the Desert Queen Mine in Pinyon mining district, arrived in the city today and deposited 250 ounces of gold at the Farmers' Exchange Bank. It was the result of between four and five days' run on surface and development ore with a five-stamp mill. None of the specimen ore of the mine was in the run. The mine is now developed for about five hundred feet along the ledge by inclines varying from eighty to ten feet in depth. The deepest workings show a strong seven-foot vein and drillings indicate that the eastern capping of the hill is a well-mineralized quartzite that would pay to work with a mill on the ground.

Other properties in the district are showing up well under development.

Mr. McHaney says A. J. Lingman, of Nogales and Holmdale has disposed of his interest in the district, including a half interest in the Pioneer stamp mill, for \$25,000, to Los Angeles parties. He sold his interest in the Lost Horse Mine to Denver parties some time since. The mill is now running night and day on Lost Horse ore. Mr. McHaney's good opinion of the desert east of this city for gold producing has been borne out by the statements of Jos. Brown, John Summons, J. H. Corbett and other well-known mining men who have recently visited it.

DOUGLASS PROBABLY ARRESTED.
The announcement of the arrest of a party supposed to be J. E. Douglass, the murderer of Neal near Hesperia some weeks ago is made from Atlanta, Tex. A photograph of the suspect was received by Sheriff Holcomb today, and he is inclined to think that the right party has been secured. He will take the photograph to Hesperia to see if the parties there who knew Douglass would recognize it. If they do, he will go to Texas after the man. He was known to have friends in the district, and the officers are strongly of the opinion that he will be located after the murder. Some of the private detectives of this city still think that he is in Los Angeles. The rewards for his arrest now aggregate \$500.

THE TAX LEVY.
The taxpayers of this city and county are confronted with a condition, and not a theory. The valuation of the county and city has been materially raised and properly so. In fact, the scaling down should have been made two years ago. The city levy has been raised in consequence 5 cents, and it is not probable that the State will be less than 60 cents. The State Board of Equalization has not yet notified the officers of the county whether any raise on valuations will be made or not.

DIED IN SAN FRANCISCO.
Mrs. A. A. Green, a lady well known in this city, died in San Francisco yesterday evening from the effect of a surgical operation which she had just passed through, failing to recover from the shock. The news of her death was conveyed by a telegram received last night by Henry Connors, who was Mrs. Green's attorney.

Mrs. Green left this city about August 1, going to Los Angeles, where she remained for two weeks, and then proceeded to San Francisco. The news of her death came as a shock to her friends in this city, none of whom knew that danger was involved in the purpose of her trip to the North.

Mrs. Green was the widow of the late member of the firm of Green & Wastell, who were engaged in business in this city for a number of years. Mr. Green died about four years ago, and she has since that time been confined to make this city her home. The telegram conveyed the information that the interment would take place in Alameda.

Mrs. Green left an estate worth not less than \$20,000, consisting largely of real estate, and would be rated even higher than the amount stated. She had also executed a will, but the contents have not yet been made public.

Amateur Athletic Entertainment.

The management of the Angel City Athletic Club has prepared a somewhat novel athletic entertainment, to be given this evening before the members of the club, in the clubrooms on South Main street. A series of boxing matches has been arranged for, between eight or ten colored gentlemen, who will endeavor to solve the problem as to who is the only out-and-out colored middle-weight champion of Southern California. This list of participants includes E. Ramsey of San Bernardino, W. E. Brown of Fresno, William Harris of San Diego, G. S. Stevens of Bakersfield, Joe Berry of Los Angeles, R. James of Santa Monica, Bob McLane of Los Angeles, Burt Conley of Riverside, and others. In addition to this there will be a six-round exhibition between Frank Peaseley, weighing 170 pounds, and William Griffin, who tips the beam at 180 pounds. On the 26th of next month, Bob Bogan, feather-weight champion of the Coast, and Jack Frazer, who recently defeated Seward Smith in the club's rooms, will meet for a five-round match before the same club.

Tenth-street Hotel Fire.

Smoke issuing in large volumes from the basement of the unfinished Tenth-street Hotel the other day caused the Ninth-street fire company to turn out in great haste, but by the time steam was up and the hose attached to the plug it was discovered that there was no danger of a conflagration. It appears that a portion of the basement has recently been converted into a horse stable, and that workmen employed about the place collected a large pile of straw and rubbish at a spot that was not floored over and set it afire. The dense smoke made it appear as though the entire hotel (?) was burning.

A DOMESTIC BROT.

THE TROUBLES OF MRS. SHINKWIN AND MISS BRUCE.

A Partnership Boarding House Business that Resulted in Disaster—Miss Bruce Twice Arrested for Disturbing the Peace of Mrs. Shinkwin.

The folly of trying to keep house on a partnership basis is demonstrated in the case of Mrs. Shinkwin and Miss Bruce, whose troubles are at present engaging the attention of the police and the local courts of justice.

Mrs. Shinkwin is an elderly lady who has in times past, interested herself greatly in charitable works. She is now, however, growing infirm and aged, and is herself almost an object of charity.

Mrs. Shinkwin has a home in the hill district of the city, near the oil fields. Being over-ruled with household cares, she some time ago took under her roof a Miss Bruce, late of San Francisco. Miss Bruce was to help run the establishment and share the expense of keeping house. They were to keep boarders at \$3.50 per week, each to pay one-half the expenses and share equally the profits. Owing to the low rate charged the profits have not been great, and Mrs. Shinkwin has not as yet derived any benefit therefrom.

Furthermore, Mrs. Shinkwin charges that her partner and tenant has conducted herself in a very officious and arbitrary manner, going so far, even, as to assume to dictate what Mrs. Shinkwin shall and shall not do with her own property. As a case in point, Mrs. Shinkwin relates that she a short time ago undertook to present to a little nephew of hers, a small clock which she had in the house, but Miss Bruce, in her tyrannical manner forbade it. Mrs. Shinkwin also attempted to dispose of an oil stove, a proceeding which Miss Bruce promptly vetoed. In addition to these unwarranted acts Miss Bruce called Mrs. Shinkwin who is a pious Methodist and a good Samaritan, generally, an old hypocrite and she-devil.

In consequence of all these alleged unlawful acts, Mrs. Shinkwin a few days ago instigated the arrest of Miss Bruce on the charge of disturbing the peace. Miss Bruce, however, was released on \$10 bail and went promptly home, rather to Mrs. Shinkwin's home, where she made it more uncomfortable for the old lady than ever. Mrs. Shinkwin even charges that Miss Bruce used physical violence on her, striking her fingers to the bone, for all of which wrong-doing, Mrs. Shinkwin yesterday had Miss Bruce rearrested on the charge of disturbing the peace, bail in this case being fixed at \$100.

Miss Bruce and Mrs. Shinkwin have both been to the Chief of Police with their respective tales of woe. Each blames the other with being the aggressor in the trouble and the big Chief anxiously awaits the decision of the court in the matter. Mean time he has instructed his men to keep a close eye on the Shinkwin domicile to see that no acts of violence are committed.

OPPOSING A SALOON.

An Indignant Community Arising in a Mass.

George Berenstein, who was on Tuesday last granted a liquor license for a saloon at No. 1328 West Second street, by the Board of Police Commissioners, is apt in the next few weeks to find himself in a position similar to that occupied by the now famous Wanneck Bros., who succeeded so admirably in stirring the East Side from center to circumference. The application of Mr. Berenstein was not looked upon favorably by the old Board of Police Commissioners, the location for the proposed saloon being in the midst of a residence district. Mr. Berenstein has assiduously continued his efforts for a license, however, and on Tuesday last departed from the presence of the Police Commission in a somewhat jubilant frame of mind, his application having been favorably acted upon by the board.

But the prospect now is that Mr. Berenstein will not sail in the smoothest of waters in attempting to run his liquor shop. Councilman Snyder, backed by a host of his constituents, is on the trail of the would-be saloon-keeper, and promises to make things exceedingly lively for that gentleman. If Mr. Snyder is to be believed, a gigantic protest against the saloon will be rolled up and presented to the board, who will be requested to revoke the license granted to Mr. Berenstein. The Councilman is confident of ultimate victory.
